## Press Release # 11

Date: 30<sup>th</sup> July 2011

Council of Indian Australians Inc takes note of anti-India comments by Kyle Sandilands, who hosts “Kyle and Jacky O” show in 2Day FM in Sydney. President of the Council, Dr Yadu Singh, said “I found Kyle’s comments to be insensitive, insulting, hurtful and unwarranted. When I heard them, I was upset and angered with them”

Dr Singh further said “Indian Australian community is a peaceful and tolerant community. It does not attack any nation, national group or religious practices of any group. It is obviously not happy when others attack them or their belief system”.

The Council condemns Kyle Sandilands’ comments and has written to the Radio station, demanding an apology from the station and Mr Sandilands.

The Council will pursue this matter and will seek a satisfactory resolution, failing which the matter will be pursued with Australian Communication & Media Authority [ACMA].

The Council, along with vast number of Indian Australians and Indian ethnic media in Australia, especially Desi Kangaroos TV, will work together to achieve a satisfactory result.
